COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE:

Corporate Governance is all about ethical conduct, openness, integrity and accountability of an enterprise. Healthy Corporate Governance enjoins a commitment of the Company to run the business in legal, ethical and transparent manner. It involves a set of relationships between a Company's Management, its Board, Shareholders and Stakeholders. It is one of the key elements in improving the economic efficiency of the enterprise. Credibility generated by sound Corporate Governance enables an enterprise in enhancing the confidence of the investors - both domestic and foreign, and in establishing productive and lasting business relationship with all stakeholders.

To Sindhu Trade Links Limited, Corporate Governance is more a way of business life than a mere legal obligation. Besides complying with the prescribed Corporate Governance Practices as per Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements), Regulations, 2015 (hereinafter referred to as 'Listing Regulations') the Company has voluntarily adopted various practices of Governance conforming to highest ethical and responsible standards of business, globally benchmarked.

Sindhu Trade Links Limited views Corporate Governance principles as an important pivot to decision making process. It forms part of business strategy which includes, inter-alia, creating an organization intended to maximise wealth of shareholders, establish productive and lasting relationship with all stakeholders with emphasis laid on fulfilling the responsibility towards entire community and society.

Being a value driven organization the Company envisages attainment of the highest level of transparency, accountability, co-ordination and equity in all facets of its operations including everyone it works with, the community it is in touch with and the environment it has an impact on.

The Company has established systems and procedures to ensure that its Board of Directors is well informed and well equipped to discharge its overall responsibilities and provide the Management with the strategic direction catering to exigency of long term shareholders value. It's initiatives towards adhering to highest standards of Governance include self-governance, professionalization of the Board, fair and transparent processes and reporting systems and going beyond the mandated Corporate Governance requirements of SEBI. The Corporate Governance Principles implemented by Sindhu Trade Links Limited seeks to protect, recognize and facilitate shareholders rights and ensure timely and accurate disclosure to them.

The Corporate Governance refers to set of the transparent procedures and practices, enactment of legalised policies, pursuance of applicable laws, exhaustive and appropriate disclosure of all the relevant financial data and operational information in the best interest of stakeholders i.e. Shareholders, Consumers, Banks, financial institutions and employees etc. through which a corporation is directed, controlled or administered.

The Board of Directors ("The Board") is constituted as per the statutory provisions of the Companies Act, 1956, and Companies Act, 2013, Listing Agreement and other applicable provisions. The members of our board have diverse backgrounds having expertise in areas

like finance, entrepreneurship and General Management. They all have worked in senior positions with an extensive knowledge of the Indian Business environment.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Economic Developments and Industry View

The unprecedented onset of Covid-19 pandemic has heavily impacted the global economy. The pandemic is raging high across the world with rising human casualties. Protecting lives and allowing health care systems to cope have required isolation, lockdowns, and widespread closures to slow the spread of the virus. The health crisis is therefore having a severe impact on economic activity. As a result of the pandemic, the global economy is projected to contract sharply by 4.9% in 2021, much worse than during the 2008-09 financial crisis.

In the pre-COVID scenario, the Indian Economy continued the mid-single digit growth path. GDP growth has been slowing down during this period primarily due to declining rural wages, high unemployment levels, liquidity crunch in the system and slowdown in demand.

First few cases of Covid-19 infection emerged in India in February 2020. Travel restrictions and testing norms were put in place from 1st week of March and these intensified further in the following week leading to a complete lockdown of entire country on 24th March 2020. This led to severe supply bottlenecks as transportation system came to a halt.

Large sections of migrant labour moved back to their villages and movement of goods came to a standstill. Demand also came under pressure as consumers stocked up essential goods but cut down on purchases of non-essential products.

Most companies shut down their operations in the first 21 days of the lockdown. By May 2020, the restrictions on movement of goods were eased and supply chains became operational, particularly outside the containment zones. While companies have started operations of their manufacturing facilities, a large part of the economy especially the hospitality sector, malls and recreation places, travel and tourism, small and medium industry, continue to be impacted even though there has been easing of lockdown in these sectors as well.

Outlook on Opportunities

The COVID-19 pandemic is likely to have a major negative impact across the world. It has led to quarantines, regional lockdowns and social distancing – which are essential to contain the virus – with particularly acute effects on sectors that rely on social interactions such as travel, hospitality, entertainment, and tourism. Workplace closures are disrupting supply chains and reducing productivity. Layoffs, lower incomes, fear of contagion, and heightened uncertainty make people spend less, leading to consumption squeeze and triggering further business closures and job losses. Health care expenditure, support to vulnerable sections of society and reduced tax revenue is likely to put severe pressure on fiscal balances of the government.

We are passing through a global crisis of COVID-19, which has had a phenomenal impact on both humanity and the economy. Most of the governments are in a dilemma of “Lives Vs Livelihood”. Efforts are on at a war-footing level to develop a vaccine for COVID-19, but any launch of the vaccine will take a minimum of three to four more months. Till then, we will have to live with certain restrictions and follow strict measures of social distancing. These restrictions will, however, not bring the economy back on the normal track.

Economic activities have a direct correlation with logistics; any negative trend in the economy will result more negatively on the logistics sector. In FY 2021, growth of the logistics sector has witnessed tapered growth compared to the previous few years. The crisis of the pandemic

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

is going to make the situation more critical in FY 2022. With respect to immediate term impact on logistics, it will be very severe and may force closure of small logistics companies, while in the long term this crisis may turn in opportunity for the Indian logistics sector. As per our estimates, the logistics sector is estimated to shrink by 12-13% in this financial year.

Long term view on logistics is, however, quite optimistic. Current pandemic will lead to a shift in global manufacturing locations. China may be the biggest loser in the race and the most likely gainer could be India, Indonesia, Malaysia, Philippines and Vietnam. India developing as one of the major manufacturing destinations will be a terrific boost for the logistics sector. Also in the long run, other drivers of logistics linked to domestic consumption will be back to the normal pace of growth.

Outlook for Threats, risks and concern

We operate in a very competitive industry, with many unorganized players. Many segments within the logistics industry are highly commoditized and have low barriers to entry, leading to a market with a very high degree of fragmentation. In the recent past, startups and international logistics companies have entered the India market. Competition from these segments is likely to increase. We will need to stay ahead of our competition through consistent investments in modern technology and focus on service quality and value-added services.

The cyclical fluctuations due to economic recession, downturn in business cycle, interest rate fluctuations and other economic factors beyond control has posed a serious threat on the Company policies in finance sector. Newer regulatory updates pose a constant challenge for smooth operations of the Company. Higher cost of funds might lead to reduced bottom-line for the Company. Like in most other industries, opportunity brings itself competition. The different levels of competition in each segment have led to the price cutting as well.

The Indian logistics industry is fragmented and under developed. Logistics costs are relatively high due to poor physical and communication infrastructure; high dwell time at ports; low levels of containerization; and a multi-layered tax system contributing to significant delays at border crossing points.

Human Resources/Industrial Relations

The Company has continuously strive to attract and retain the best talent from the local markets; clearly define their roles and responsibilities; include them into robust performance management systems; create an inspiring and rewarding work environment; engage them into an inclusive work place; impart training and create development opportunities for increasing employee knowledge and efficiency to make them future ready; and create career opportunities within.

The Company is committed in ensuring that the work environment at all its locations is conducive to fair, safe and harmonious relations between employees. It strongly believes in maintaining the dignity of all its employees, irrespective of their gender or seniority. Discrimination and harassment of any type are strictly prohibited. The Company ensures that no employee is disadvantaged by way of gender discrimination.

Segment Wise or product wise performance

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Due to the timely execution of the services and efficiency in implementation of policies of the Company, there has been the growth in all the sectors of the company i.e. trading in lubricants, transportation and finance and investment activities from last year's performance. With superior methodologies and improved process and systems, the Company is well positioned to lead a high growth path. The details can be extracted from the notes to accounts.

Cautionary statement

Certain statements in the Management Discussion and Analysis describing the Company's objectives, predictions may be "forward-looking statements" within the meaning of applicable laws and regulations. Actual results may vary significantly from the forward looking statements contained in this document due to various risks and uncertainties. These risks and uncertainties include the effect of economic and political conditions in India, volatility in interest rates, new regulations and Government policies that may impact the Company's business as well as its ability to implement the strategy. The Company does not undertake to update these statements.

**SINDHU TRADE LINKS
LIMITED
STANDALONE
FINANCIAL STATEMENT
AS ON
31ST MARCH, 2022**

Independent Auditors' Report

TO THE MEMBERS OF SINDHU TRADE LINKS LIMITED

Opinion

We have audited the accompanying Standalone Financial Statements of Sindhu Trade Links Limited ("the Company"), which comprise the Balance sheet as at March 31, 2022, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the Standalone Financial Statements, including a summary of significant accounting policies and other explanatory information. (herein after referred to as Standalone Financial Statement).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended, (Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing (SAs), as specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

EMPHASIS OF MATTERS

1. We draw your attention to note no. 25 to the standalone Ind AS financial statements with respect to closing balance of trade payables as on 31 March 2022. The Company has closing balance of Rs. 981.55 lakhs as on 31 March 2022 related to micro enterprises and small enterprises (MSME). The management has informed that there are issues w.r.t quality of material received from the creditors and the same is under discussion with creditor(s). The Company will pay the amount, as mutually decided with creditors, after discussions in due course. The above does not have material effect on the financial statements of the Company. Hence, no provision for any consequential liability for interest and penalty has been made in the financial statements for the year ended 31 March 2022. Further the Company is required to file half yearly form, which includes details of all outstanding dues to MSME and the Company has not filed the same for Apr'21 to Mar'22 till date.

Our Report is not qualified in respect of this matter.

2. We draw your attention to note no. 16 to the standalone Ind AS financial statements with respect to Invocation of Bank Guarantee, wherein, IndusInd Bank, has invoked Bank Guarantee of INR 1406.46 Lacs (net amount) given for our Subsidiary, Param Mitra Resources Pte Ltd, Singapore. The same is recorded as Share Application Money paid to M/s Param Mitra Resources Pte Ltd., our subsidiary.

Our Report is not qualified in respect of this matter.

KEY AUDIT MATTERS

Key audit matters ('KAM') are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

1. Key Audit Matter

1. Key Audit Matter

Investments

The Company has invested in equity and preference shares and government bonds as well, the carrying amount of which is calculated by the management in accordance with Ind AS 32, 107 and 109 provided in Note 5 and Note 15 of the financial statements.

Considering the materiality of the amounts involved, the significant management judgment is required in estimating the quantum of diminution in the value of investments and such estimates and judgments being inherently subjective, this matter has been identified as a key audit matter which is described in Note 2(j) to the standalone financial statements. As at 31st March 2022, the company has made total foreign investments in subsidiary of Rs. 46,778.34 Lakhs.

Auditor's Response

Our audit procedures assessed the appropriateness of methodology and valuation model used by management to estimate the value of investments.

Based on our procedures, we considered the adequacy of disclosures in respect of investments in the notes to the standalone financial statements.

2. Key Audit Matter

Evaluation of Uncertain Tax Positions & Other Contingent Liabilities

The Company has material uncertain tax positions including matters under dispute which involves significant judgment to determine the possible outcome of these disputes.

The Company also has material contingent liabilities including outstanding guarantees, counter guarantees and omnibus counter guarantees to various banks and claims against the company under dispute which involves significant judgment to determine the possible outcome of these disputes as mentioned in Note 40 to the standalone financial statements.

Auditor's Response

Obtained details of completed tax assessments and demands till the year ended March 31, 2022 from the management. We involved our internal experts to challenge the management's underlying assumptions in estimating the tax provision and the possible outcome of the disputes. Our internal experts also considered legal precedence and other rulings in evaluating management's position on these uncertain tax positions.

Our audit procedure on contingent liabilities included –

- Obtaining an understanding of the systems and controls implemented by management for recognizing the guarantees.
- Evaluation of purposes for which the various bank guarantees are provided.
- Our internal experts read and analysed external legal opinions/ consultations by management for the disputes pending in various forums.

- Discussed with appropriate senior management regarding the claims against the company and assessment orders.
- Assessed management's estimate of the possible outcome of the disputed cases.

3. Key Audit Matter

Related Party Transactions

During the year, the Company has generated major portion of revenue and has incurred significant amount of expense with the related parties.

Ind AS 24 "Related Party Disclosures", requires substantive disclosures for the related party transactions which are disclosed in Note 46 to the standalone financial statements.

Determination of substance of the transactions and transaction price for such related party transactions is a key audit matter considering the significance of the transaction value and the significant judgments involved in determining the transaction value.

Auditor's Response

- Our audit procedures included considering the compliance with the various requirements for entering in to such related party transactions.
- We performed test of controls over related party transactions through inspection of evidence of performance of these controls.
- We performed the following tests of details:
 - We have evaluated the relevant work orders and market price.
 - We have read the approvals obtained from Audit Committee, Board of Directors and Shareholders for the transactions.
- We have assessed the disclosures to be made in accordance with Ind AS 24 "Related Party Disclosures".

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITORS' REPORT THEREON

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the Standalone Financial Statements and our auditors' report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

AUDITORS' RESPONSIBILITIES FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure I" a statement on the matters specified in paragraphs 3 and 4 of the Order.

2. As required by Section 143(3) of the Act, we report that:

(a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

(b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

(c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;

(d) In our opinion, the aforesaid Standalone Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;

(e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act;

(f) With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to these Standalone Financial Statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report. Our report express an unmodified opinion on the adequacy and operating effectiveness of the Company's internal Financial controls over financial reporting.

(g) In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

(h) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the possible impact of pending litigations on its financial position in its Standalone Financial Statements;

ii. The Company do not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

iii. The Company do not have any dues on account of Investor Education and Protection Fund.

iv. (a) The Management has represented that, to the best of its knowledge and belief, other than as disclosed in the Notes to accounts (refer Note 46 of financial statement), during the year no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in

writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The Company has not declared or paid any dividend during the year.

ANNEXURE 1

TO THE INDEPENDENT AUDITORS' REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SINDHU TRADE LINKS LIMITED

The Annexure referred to in the Independent Auditor's Report to the members of the Company on the Financial Statements for the year ended 31st March 2022, We report that:

1. (a) A. The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and relevant details of right-of-use assets.

B. The Company has maintained proper records showing full particulars of intangible assets.

(b) The Company has a program of physical verification of Property, Plant and Equipment and right-of-use assets so to cover all the assets once every three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain property, Plant and Equipment were due for verification during the year and were physically verified by the Management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification

(c) According to the information and explanations given to us and on the basis our examination of the records of the Company, the title deeds of all the immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), as disclosed in the standalone financial statements, are held in the name of the Company, except for following:-

(Amount in Lacs)

S. No	Particulars	Amount	Remarks
1	Vill Tifra Distt Bilaspur(Chhattisgarh)	10.41	The Property is in the name of Sindhu Holdings Limited, which was merged with the Company in the year 2011

5	Vill Tifra Distt Bilaspur(Chhattisgarh)	15.50	The Property is in the name of Utranchal Finance Limited, which was merged with the Company in the year 2011

(d) The Company has not revalued its Property, Plant and Equipment (including Right-of-use assets) or intangible assets during the year. Accordingly, the reporting under Clause 3(i)(d) of the Order is not applicable to the Company.

(e) Based on the information and explanations furnished to us, no proceedings have been initiated on or are pending against the Company for holding benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) (formerly the Benami Transactions (Prohibition) Act, 1988) and Rules made thereunder, and therefore the question of our commenting on whether the Company has appropriately disclosed the details in its standalone financial statements does not arise.

2. (a) The physical verification of inventory has been conducted at reasonable intervals by the Management and, in our opinion, the coverage and procedures of such verification by Management is appropriate. The discrepancies noticed on physical verification of inventory as compared to book records were not 10% or more in aggregate for each class of inventory.

(b) The Company has been sanctioned working capital limits in excess of INR 5 crores, in aggregate, from banks on the basis of security of current assets. The Company has filed quarterly returns or statements with such banks, which are in agreement with the books of account, except for few differences on account of Provisions and unbilled revenue.

3. (a) The Company has, during the year, made investments, granted unsecured loans and provided guarantee but has not provided security, to companies, firms, Limited Liability Partnerships or any other parties. The aggregate amount during the year, and balance outstanding at the balance sheet date with respect to such loans, guarantees and securities to subsidiaries, joint ventures and associates and to parties other than subsidiaries, joint ventures and associates are as per the table given below:-

(b) According to the information and explanations given to us and on the basis of our audit procedures, we report that the Company has not been declared Wilful Defaulter by any bank or financial institution or government or any government authority.

(c) In our opinion, and according to the information and explanations given to us, during the year, the term loans have been applied, on an overall basis, for the purposes for which they were obtained.

(d) In our opinion, and according to the information and explanations given to us, during the year, the funds raised on short term basis have not been utilised for long term purposes.

(e) According to the information and explanations given to us and on an overall examination of the standalone financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

(f) According to the information and explanations given to us and procedures performed by us, we report that the company has not raised loans during the year against the pledge of securities held in its subsidiaries, joint ventures or associate companies.

10. (a) According to the information and explanations given to us, the Company did not raise any money by way of initial public offer or further public offer (including debt instruments). Accordingly, the reporting under paragraph 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or fully or partially or optionally convertible debentures during the year. Accordingly, the reporting under paragraph 3(x)(b) of the Order is not applicable to the Company.

11. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company, noticed or reported during the year, nor have we been informed of any such case by the Management.

(b) According to the information and explanations given to us, a report under Section 143(12) of the Act, in Form ADT-4, as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 was not required to be filed with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

(c) As represented to us by the Management, no whistle blower complaints have been received by the Company during the year.

12. As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, the reporting under Clause 3(xii) of the Order is not applicable to the Company.
13. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the standalone financial statements as required under Indian Accounting Standard 24 "Related Party Disclosures" specified under Section 133 of the Act.
14. (a) In our opinion and according to the information and explanation given to us, the Company has an internal audit system commensurate with the size and nature of its business.

ANNEXURE 2

TO THE INDEPENDENT AUDITORS' REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SINDHU TRADE LINKS LIMITED

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (i) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

We have audited the internal financial controls over financial reporting of Sindhu Trade Links Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these Standalone Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing as specified under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these Standalone Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls over financial reporting with reference to these Standalone Financial Statements.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING WITH REFERENCE TO THESE STANDALONE FINANCIAL STATEMENTS

A company's internal financial control over financial reporting with reference to these Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these Standalone Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING WITH REFERENCE TO THESE STANDALONE FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls over financial reporting with reference to these Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these Standalone Financial Statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion and to the best of our information and according to the explanation given to us, the Company has, in all material respects, adequate internal financial controls system over financial reporting with reference to these Standalone Financial Statements and such internal financial controls over financial reporting with reference to these Standalone Financial Statements were operating effectively as at March 31, 2022, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1 COMPANY INFORMATION

Sindhu Trade Links Limited (referred as 'STLL' or 'the Company') engaged in activities of Transportation, Loading & Mining Services and trading of Spares, Fuel and HSD.

The Company is a domestic public limited company incorporated and domiciled in India and is listed on the Bombay Stock Exchange Ltd. [BSE]. The registered office of the Company is 129, Transport Centre, Rohtak Road, Punjabi Bagh, New Delhi-110035, India.

2 Significant Accounting Policies

a) Basis of preparation of Financial Statements

Statement of Compliance

The separate financial statements have been prepared to comply in all material aspects with the Accounting Standards notified under Section 133 of Companies Act, 2013 (the "Act") as per Companies (Indian Accounting Standards (Ind AS)) Rules as amended from time to time and other relevant provisions of the Act and rules framed thereunder.

Presentation of Financial Statements

These financial statements have been prepared in Indian Rupee which is the functional currency of the Company.

These financial statements have been prepared on historical cost basis, except for certain financial instruments which are measured at fair value or amortised cost at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle.

Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realisation in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

The statement of cash flows have been prepared under indirect method.

Use of Estimates and Judgements

The preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures of contingent liabilities as at the date of the financial statements and the reported amounts of income and expense for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

Key sources of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are in respect of impairment of investments, useful lives of property, plant and equipment, valuation of deferred tax assets and fair value measurement of financial instruments, these are discussed below. Key sources of estimation of uncertainty in respect of revenue recognition, employee benefits and provisions and contingent liabilities have been discussed in their respective policies.

Useful lives of property, plant and equipment

The Company has taken the useful life of property, plant and equipment as per the life given in the Companies Act, 2013.

Valuation of deferred tax assets

The Company reviews the carrying amount of deferred tax assets at the end of each reporting period. The policy has been explained under note 2(t).

Investment in Subsidiaries, Associates and Joint Ventures

The Company has accounted for its investments in subsidiaries, associates and joint venture at cost less impairment loss (if any). The policy has been further explained under note 2(i).

b) Property, plant and equipment (including Capital work-in-progress)

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent cost are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance expenses are charged to profit or loss during the reporting period in which they are incurred.

Assets acquired but not ready for use are classified under Capital work in progress and are stated at cost comprising direct cost and related incidental expenses.

c) Investment Property

Property that is held for long-term rental yields or for capital appreciation or both, and that is not used in the production of goods and services or for the administrative purposes is classified as investment property. Investment property is measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any. Subsequent expenditure related to investment properties are added to its book value only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. Investment properties are depreciated using the straight line method over the estimated useful lives. The Company's depreciable investment properties have a useful life of 55 years.

d) Depreciation/Amortisation

Assets in the course of development or construction and freehold land are not depreciated.

Other property, plant and equipment are stated at cost less accumulated depreciation and any provision for impairment. Depreciation commences when the assets are ready for their intended use.

Depreciation is calculated on the depreciable amount, which is the cost of an asset less its residual value. Depreciation is provided at rates calculated to write off the cost, less estimated residual value, of each asset on a written down value basis over its expected useful life as prescribed under Part C of Schedule II of the Companies Act, 2013.

Individual items of assets costing upto Rs. 5,000 are fully depreciated in the year of acquisition.

Major inspection and overhaul costs are depreciated over the estimated life of the economic benefit derived from such costs. The carrying amount of the remaining previous overhaul cost is charged to the statement of profit and loss if the next overhaul is undertaken earlier than the previously estimated life of the economic benefit.

When significant spare parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Depreciation methods, useful lives and residual values are reviewed at each financial year end and changes in estimates, if any, are accounted for prospectively.

e) Leases

The Company has adopted Ind AS 116-Leases using the modified retrospective method. The Company has applied the standard to its leases with the cumulative impact recognised with no impact on retained earnings on the date of initial application (1st April, 2019). Accordingly, previous period information has not been restated.

The Company evaluates each contract or arrangement, whether it qualifies as lease as defined under Ind AS 116. The Company as a lessee, Assesses, whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract involves:-

- a) the use of an identified asset,
- b) the right to obtain substantially all the economic benefits from use of the identified asset, and
- c) the right to direct the use of the identified asset.

At the date of commencement of lease, the Company recognises a right-of-use asset (“ROU”) and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) and leases of low value assets. For these short term and leases of low value assets, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets (it includes prepayment for all the future rentals) are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

Leases in which significant portion of the risk and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payment made under operating lease (net of any incentive received from the lessor) are charged to Statement of Profit and Loss on straight-line-basis over the period of the lease unless the payment are structured to increase in line with expected general inflation to compensate for the lessor’s expected inflationary cost increase.

f) Cost Recognition

Costs and expenses are recognised when incurred and have been classified according to their nature. The costs of the Company are broadly categorised in cost of material and services consumed ,employee benefit expenses, cost of equipment and software licences, depreciation and amortisation expense and other expenses. Cost of material and services mainly includes cost towards transportation charges , FOL , HSD and Spares consumption .Employee benefit expenses include salaries, incentives and allowances, contributions to provident and other funds and staff welfare expenses. Other expenses mainly include fees to external consultants, facility expenses, travel expenses, communication expenses, bad debts and advances written off, allowance for doubtful trade receivable and advances (net) and other expenses. Other expenses is an aggregation of costs which are individually not material such as commission and brokerage, recruitment and training, entertainment, etc.

g) Impairment of assets

(i) Financial assets (other than at fair value)

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. In determining the allowances for doubtful trade receivables, the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and allowance rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-months expected

Notes to the financial statements for the year ended 31st March 2022

For all other financial assets, expected credit losses are measured at an amount equal to the 12 months expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

(ii) Non-financial assets

Tangible and intangible assets

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.]

h) Foreign Currencies Transactions and Translation

Transactions in foreign currencies are recorded at the exchange rate that approximates the prevalent exchange rate on the transaction date. Monetary assets and liabilities in foreign currencies are translated at the year-end rate. Any resultant exchange differences are taken to the statement of profit and loss, except -

- a) When deferred, in Other Comprehensive Income as qualifying cash flow hedges; and
- b) Exchange difference arising from translation of external commercial borrowing is capitalized in terms of para D13AA of IND AS 101.

Non-monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

i) Financial instruments

A financial instrument is any contract that gives rise to a financial asset in one entity and a financial liability or equity instrument in another entity.

Financial Assets

Initial recognition

In the case of financial assets, not recorded at fair value through profit or loss (FVTPL), financial assets are recognised initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

(a) Financial Assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model with an objective to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding. Interest income from these financial assets is included in finance income using the effective interest rate ("EIR") method. Impairment gains or losses arising on these assets are recognised in the Statement of Profit and Loss.

(b) Financial Assets measured at fair value

Financial assets are measured at fair value through other comprehensive income (FVOCI) if these financial assets are held within a business model with an objective to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual terms of the financial asset give rise on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in the Statement of Profit and Loss.

Financial assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss.

Impairment of Financial Assets

In accordance with Ind AS 109, the Company applies the expected credit loss ("ECL") model for measurement and recognition of impairment loss on financial assets and credit risk exposures.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. Simplified approach does not require the Company to track changes in credit risk.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL impairment loss allowance (or reversal) recognised during the period is recorded as expense/ income in the Statement of Profit and Loss.

De-recognition of Financial Assets

The Company de-recognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity.

If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the assets and an associated liability for amounts it may have to pay.

If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

Equity investments

All equity investments in the scope of Ind AS 109, Financial Instruments, are measured at fair value. For equity instruments, the Company may make an irrevocable election to present the subsequent fair value changes in Other Comprehensive Income (OCI). The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

There is no recycling of the amounts from OCI to profit or loss, even on sale of investment.

Equity instruments included within the FVTPL (fair value through profit and loss) category are measured at fair value with all changes in fair value recognized in the profit or loss.

Financial Liabilities

Initial Recognition

Financial liabilities are classified, at initial recognition, as financial liabilities at FVTPL, loans and borrowings and payables as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Subsequent measurement

Financial liabilities at FVTPL

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as FVTPL. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation. Amortisation is recognised as finance income in the Statement of Profit and Loss.

Financial liabilities at amortised cost

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in the Statement of Profit and Loss.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

De-recognition of Financial Liabilities

Financial liabilities are de-recognised when the obligation specified in the contract is discharged, cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

j) Fair value measurement

The Company measures financial assets and financial liability at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 - The fair value of financial instruments that are measured on the basis of entity specific valuations using inputs that are not based on observable market data (unobservable inputs).

The Company's Valuation team determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement.

k) Inventories

Consumables, Fuel & HSD, stores and spares are valued at lower of cost and net realisable value; cost is computed on first-in-first out basis. The cost of inventories comprises all costs of purchase and other costs incurred in bringing the inventories to their present location and condition. Obsolete, defective, unserviceable and slow/nonmoving stocks are duly provided for. Net realisable value is estimated selling price in ordinary course of business less the estimated cost necessary to make the sale.

l) Cash and cash equivalents

In the cash flow statement, cash and cash equivalents includes cash on hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

m) Cash flow

Cash flows are reported using indirect method, whereby profit for the year is adjusted for the effects of transactions of a non cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flow. The cash flows from operating, investing & financing activities of the company or segregated. The company considers all highly liquid investments that are readily convertible to know amounts of cash to be cash equivalents.

n) Recognition of Income

The Company earns revenue primarily from providing services of transportation, mining and loading as well as trading of fuel and HSD.

Effective April 1, 2018, the Company has applied Ind AS 115 which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised. Ind AS 115 replaces Ind AS 18 Revenue and Ind AS 11 Construction Contracts. The Company has adopted Ind AS 115 using the cumulative effect method. The effect of initially applying this standard is recognised at the date of initial application (i.e. April 1, 2018). The standard is applied retrospectively only to contracts that are not completed as at the date of initial application and the comparative information in the statement of profit and loss is not restated – i.e. the comparative information continues to be reported under Ind AS 18 and Ind AS 11. The impact of the adoption of the standard on the financial statements of the Company is insignificant.

Revenue is recognised to the extent it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable excluding taxes or duties collected on behalf of the government and reduced by any rebates and trade discount allowed.

The specific recognition criteria described below must also be met before income is recognised.

- i. Income is recognised on accrual basis and provision is made for all known losses and liabilities.
- ii. Revenue from sale of goods is recognised net of rebates and discounts on transfer of significant risks and rewards of ownership to the buyer. Sale of goods is recognised net of sales tax, value added tax and GST.
- iii. Revenue from services rendered is recognised on prorata basis in proportion to the stage of completion of the
- iv. Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.
- v. Dividend income is recognised when the right to receive the dividend is established.
- vi. Rental income is recognised on a straight-line basis over the period of the lease.
- vii. Forex Gain
- viii. Share of profit JV

o) Employee benefits

Defined contribution plan

The Company's contribution to Provident Fund and Employees State Insurance Scheme is determined based on a fixed percentage of the eligible employees' salary and charged to the Statement of Profit and Loss on accrual basis.

The Company has categorised its Provident Fund, labour welfare fund and the Employees State Insurance Scheme as a defined contribution plan since it has no further obligations beyond these contributions.

Defined benefit plan

The Company's liability towards gratuity, being a defined benefit plan are accounted for on the basis of an independent actuarial valuation based on Projected Unit Credit Method. Gratuity liability is funded by payments to the trust established for the purpose.

Service cost and the net interest cost is included in employee benefit expense in the Statement of profit and loss. Actuarial gains and losses comprise experience adjustments and the effects of changes in actuarial assumptions and are recognised immediately in 'other comprehensive income' as income or expense.

p) Borrowing costs

General and specific borrowing costs directly attributable to the acquisition/ construction of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time the assets are substantially ready for their intended use. All other borrowing costs are recognised as an expense in Statement of Profit and Loss in the period in which they are incurred.

q) Borrowings and other financial liabilities

Borrowings and other financial liabilities are initially recognised at fair value (net of transaction costs incurred). Difference between the fair value and the transaction proceeds on initial recognition is recognised as an asset / liability based on the underlying reason for the difference.

Subsequently all financial liabilities are measured at amortised cost using the effective interest rate method.

Borrowings are eliminated from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss. The gain / loss is recognised in other equity in case of transactions with shareholders.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer the settlement of the liability for at least 12 months after the reporting period.

r) Trade receivables

A receivable is classified as a 'trade receivable' if it is in respect of the amount due on account of services rendered in the normal course of business. Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the EIR method, less provision for impairment. There was no provision for impairment during the year.

s) Trade payables

A payable is classified as a 'trade payable' if it is in respect of the amount due on account of goods purchased or services received in the normal course of business. These amounts represent liabilities for goods and services provided to the Company prior to the end of the financial year which are unpaid. These amounts are unsecured and are usually settled as per the payment terms stated in the contract. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the EIR method. Trade creditors are further classified into MSME & Non MSME . MSME creditors are determined only on the basis of certificate received from creditors . All creditors other than those from whom certificate was received are classified into Non MSME.

t) Taxation

i. Tax expense recognised in profit or loss comprises the sum of deferred tax and current tax not recognised in other comprehensive income or directly in equity.

ii. Current Income Tax

Current income tax liabilities and/or assets comprise those obligations to, or claims from, fiscal authorities relating to the current or prior reporting periods, that are unpaid at the reporting date. Current tax is payable on taxable profit, which differs from profit or loss in the financial statements. Calculation of current tax is based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period. Deferred income taxes are calculated using the liability method on temporary differences between the carrying amounts of assets and liabilities and their tax bases.

iii. Deferred Tax

Deferred tax assets are recognised to the extent it is probable that the underlying tax loss or deductible temporary difference will be utilised against future taxable income. This is assessed based on the Company's forecast of future operations results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss or credit.

Changes in deferred tax assets or liabilities are recognised as a component of tax income or expense in profit or loss, except where they relate to items that are recognised in other comprehensive income or directly in equity, in which case the related deferred tax is also recognised in other comprehensive income or equity, respectively.

u) Provisions and Contingent liabilities

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Contingent liabilities are disclosed in respect of possible obligations that arise from past events, whose existence would be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Such liabilities are disclosed by way of notes to the financial statements.

v) Segment Reporting

The Chief Financial Officer of the Company has been identified as the Chief Operating Decision Maker (CODM) as defined by Ind AS 108, "Operating Segments". Operating segments are reported in a manner consistent with the internal reporting provided to the CODM. The accounting policies adopted for segment reporting are in conformity with the accounting policies adopted for the Company. Revenue and expenses have been identified to segments on the basis of their relationship to the operating activities of the segment. Income / Costs which relate to the Company as a whole and are not allocable to segments on a reasonable basis, have been included under Unallocated Income / Costs. Interest income and expense are not allocated to respective segments (except in case of Financial Services segment).

w) Deferred Revenue and Unbilled Revenue

Amounts received from customers or billed to customers, in advance of services performed are recorded as deferred revenue under Other Current Liabilities. Unbilled revenue included in Other Financial Assets, represents amounts recognised in respect of services performed in accordance with contract terms, not yet billed to customers as at the year end.

x) Significant management judgements in applying accounting policies and estimation uncertainty

When preparing the financial statements, management makes a number of judgments, estimates and assumptions about the recognition and measurement of assets, liabilities, income and expenses. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Impairment of non-financial assets

In assessing impairment, management estimates the recoverable amount of each asset or cash-generating unit based on expected future cash flows and uses an interest rate to discount them. Estimation uncertainty relates to assumptions about future operating results and the determination of a suitable discount rate.

Depreciation and useful lives of property, plant and equipment

Property, plant and equipment are depreciated over the estimated useful lives of the assets, after taking into account their estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation to be recorded during any reporting period. The useful lives and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes. The depreciation for future periods is adjusted if there are significant changes from previous estimates.

Recoverability of trade receivable

Judgments are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

Provisions

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability require the application of judgment to existing facts and circumstances, which can be subject to change. Since the cash outflows can take place many years in the future, the carrying amounts of provisions and liabilities are reviewed regularly and adjusted to take account of changing facts and circumstances.

Defined benefit obligation (DBO)

Management's estimate of the DBO is based on a number of critical underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

Defined contribution plan

A) Amount of Rs. 25.56 Lakh (31 March 2021 Rs. 27.42 Lakh) pertaining to employers' contribution to provident fund, pension fund, labour welfare fund and administration charges is recognized as an expense and included in "Employee benefits " in Note 34.

B) Defined benefit plan:

Gratuity plan:

The Company maintains a gratuity provision where in lump sum benefits linked to the qualifying salary and completed years of service with the Company at the time of separation. Every employee who has completed 5 years of continuous service is entitled to receive gratuity at the time of his retirement or separation from the organization whichever is earlier. However the condition of completion of 5 years of service is not applicable where separation is on account of disability or death of an employee. The gratuity benefit that is payable to any employee, is computed in accordance with the provisions of "The Payment of Gratuity Act, 1972".

The Gratuity fund

The following table sets forth the status of the gratuity plan of the Company and the amounts recognised in the Balance Sheet and Statement of Profit and Loss:

Short term	81.44	83.15
Net liability	886.48	1,020.04

Principal actuarial assumptions at the balance sheet date are as follows

Economic assumptions:

The principal assumptions are the discount rate and salary escalation rate. The discount rate is generally based upon the market yields available on Government bonds at the accounting date with a term that matches that of the liabilities and the salary growth rate takes account of inflation, seniority, promotion and other relevant factors on long term basis. The assumptions used are summarized in the following table:

	As at 31-Mar-22	As at 31-Mar-21
Discount rate p.a.	7.00%	7.75%
Salary escalation rate p.a.	7.50%	7.50%

Expected maturity analysis

The expected maturity analysis of defined benefit obligation (in absolute terms, i.e undiscounted) is as follows:

Particulars	As at 31 March 2022	As at 31 March 2021
Less than 1 year	81.43	83.15
1-2 years	43.95	22.99
2-5 years	73.71	99.80
More than 5 years	687.39	814.10

The weighted average duration to the payment of defined benefit obligation is 17 years (31 March 2021: 18 years).

Risk Analysis:

The above defined benefit plan expose the Company the following risks:

i) Interest rate risk

The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.

ii) Salary inflation risk

Higher than expected increases in salary will increase the defined benefit obligation.

iii) Demographic risk:

This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, discount rate and vesting criteria. It is important not to overstate withdrawals because in the financial analysis the retirement benefit of a short career employee typically costs less per year as compared to a long service employee.

Fair value measurement

Management uses valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets. This involves developing estimates and assumptions consistent with how market participants would price the instrument. Management bases its assumptions on observable data as far as possible but this is not always available. In that case management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

y) Earnings per share

The Company presents basic and diluted earnings per share data for its equity shares. Basic and diluted earnings per share is calculated by dividing the profit or loss attributable to owners of the equity shares of the Holding Company by the weighted average number of equity shares outstanding during the year.

z) Government Grants

Government grants including any non-monetary grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

Government grants are recognised in the statement of profit and loss on a systematic basis over the periods in which the related costs, for which the grants are intended to compensate, are recognised as expenses.

Government grants related to property, plant and equipment are presented at fair value and grants are recognised as deferred income.

aa) Exceptional Items

When items of income and expense within statement of profit and loss from ordinary activities are of such size, nature or incidence that their disclosure is relevant to explain the performance of the enterprise for the period, the nature and amount of such material items are disclosed separately as exceptional items.

ab) Events after reporting period

Adjusting events are events that provide further evidence of conditions that existed at the end of the reporting period. The financial statements are adjusted for such events before authorisation for issue.

Non-adjusting events are events that are indicative of conditions that arose after the end of the reporting period. Non-adjusting events after the reporting date are not accounted, but disclosed.

ac) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest Lakhs as per the requirement of Schedule III, unless otherwise stated.

2 (B) Critical Accounting Judgements and Key Sources of Estimation Uncertainty

The preparation of the Company's Financial Statements requires management to make judgement, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in next financial years.

a) Recoverability of Trade Receivables

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

b) Provisions

The timing of recognition and quantification of the liability (including litigations) requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances

c) Global Health Pandemic on COVID-19

The outbreak of COVID-19 pandemic across the globe and in India has contributed to a significant decline and volatility in the global and Indian financial markets and slowdown in the economic activities

The extent to which the COVID-19 pandemic will impact the Company's results will depend on future developments, which are highly uncertain, including, among other things, any new information concerning the severity of the COVID-19 pandemic and any action to contain its spread or mitigate its impact whether government-mandated or elected by the Company. Given the uncertainty over the potential macro-economic condition, the impact of the global health pandemic may be different from that estimated as at the date of approval of these financial results and the Company will continue to closely monitor any material changes to future economic conditions.

Dues To Micro And Small Enterprises

The Company has certain dues to suppliers registered under Micro, Small and Medium Enterprises Development Act, 2006 ('MSMED Act'). The disclosures pursuant to the said MSMED Act are as follows :

Particulars	As at 31st March 2022	As at 31st March 2021
(a) The principal amount remaining unpaid to any supplier at the end of the year.	981.55	1,118.98
(b) Interest due remaining unpaid to any supplier at the end of the year.	-	-
(c) The amount of interest paid by the buyer in terms of section 16 of the MSMED Act, 2006, along with the amount of the payment made to the supplier beyond the appointed day during the year.	-	-
(d) The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act, 2006.	-	-
(e) The amount of interest accrued and remaining unpaid at the end of each accounting year.	-	-
(f) The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues above are actually paid to the small enterprises, for the purpose of disallowance of a deductible expenditure under section 23 of the MSMED Act, 2006.	-	-

Disclosure of payable to vendors as defined under the "Micro, Small and Medium Enterprise Development Act, 2006" is based on the information available with the Company regarding the status of registration of such vendors under the said Act, as per the intimation received from them on requests made by the Company. There are few cases of deficiency in quality of goods and services given by these vendors. In these cases, the amounts payable are not due and hence no provision of interest has been made therein. There are no overdue principal amounts / interest payable amounts for delayed payments to such vendors at the Balance Sheet date. There are no delays in payment made to such suppliers during the year or for any earlier years and accordingly there is no interest paid or outstanding interest in this regard in respect of payment made during the year or on balance brought forward from previous year.

The company has entered into an agreement with M/s Meenakshi Energy Limited(MEL) for Operation and Maintenance contract (O & M Contract) in respect of Power Plant of MEL for a period of six months starting from January 1, 2021. The essence of the contract was generation and supply of power to Power Trading Corporation (PTC) for onward supply to Bangladesh Power Development Board and flow of revenue from PTC to the company. PTC did not agreed to the arrangement and also did not agreed to a separate agreement for flow of revenue. PTC/MEL directly paid to suppliers/service providers of the company. In light of event that the O & M contract was overridden by circumstances, company has to stop its working from April 2021. However, company and MEL agreed to termination of the contract on 27th October, 2021 effective from 1st April, 2021. During the period from 1st April 2021 till 31st May 2021, a few transactions of purchase/provision of goods and services were made through company's accounts. These are billed by the company to MEL on no profit no loss basis. The company also entered into a financing support and deposit agreement to back up the O & M Contract. Company closed this Business support and deposit agreement with mutual consent.

The company bagged a contract for deployment of Oil rig in Assam (India) for oil exploration for Oil India Limited. The operations were started during current financial year. Duration of the contract is for 3 years from date of commencement of operations.

41 Segment reporting:

- A. In accordance with Ind AS 108 'Segment Reporting' on segment reporting as specified in Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rule, 2014, the Company has identified five business segments viz. 1) Transportation & Logistics, 2) Oil , Lubricants & Spares, 3) Finance & Investment, 4) Generation & Supply of Electricity and 5) Oil Drilling Operations. The above segments have been identified and reported taking into account the differing risks and returns, and the current internal financial reporting systems. For each of the segments, the Chief operating decision maker (CODM) (Chief Financial Officer) reviews internal management reports on at least a quarterly basis. The CODM monitors the operating results separately for the purpose of making decisions about resource allocation and performance assessment.

Segment accounting policies

The accounting principles consistently used in the preparation of the financial statements and consistently applied to record revenue and expenditure in individual segments are as set out in Note 2 to the financial statements. The accounting policies in relation to segment accounting are as under:

(a) Segment assets and liabilities

All segment assets and liabilities have been allocated to the various segments on the basis of specific identification. Segment assets consist principally of property, plant and equipment, capital work in progress, inventories, trade receivables, financial assets, other current assets, other non-current assets and loans. Segment assets do not include unallocated corporate fixed assets, cash and bank balances, advance tax and other assets not specifically identifiable with any segment.

Segment liabilities include all operating liabilities and consist principally of trade payables and accrued liabilities. Segment liabilities do not include borrowings and those related to income taxes.

(b) Segment revenue and expenses

Segment revenue and expenses are directly attributable to the segment and have been allocated to various segments on the basis of specific identification. Segment revenue does not include interest income and other incomes in respect of non-segmental activities. Segment expenses do not include depreciation on unallocated corporate fixed assets, interest expense, tax expense and other expense in respect of non-segmental activities.

Segment revenue, results and capital employed include the respective amounts identifiable to each of the segments. Other unallocable expenditure/assets/liabilities include expenses/assets/liabilities which are not directly identifiable to any business segment.

42. Financial instruments - Fair values and risk management

1. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations resulting in a financial loss to the Company. Credit risk arises principally from trade receivables, loans & advances, cash & cash equivalents and deposits with banks and financial institutions and customers.

Trade receivables

Customer credit risk is managed according to the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an credit rating scorecard and individual credit limits are defined in accordance with this assessment.

An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively.

Cash and cash equivalents

The Company held cash and cash equivalents of Rs. 470.67 Lakh at 31st March,2022(Rs. 1553.33Lakh at 31 March 2021) The cash and cash equivalents are held with bank and financial institution with high rating.

Deposits with banks and financial institutions

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty.

Credit risk is managed on Company wide basis. For banks/financial institutions, only high rated banks/institutions are accepted.

Loans

The Company has given loans and advances as security deposits. The credit risk is managed by the Company in accordance with the Company's policy.

(i) Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

	As at 31 March 2022	As at 31 March 2021
Financial assets for which loss allowance is measured using 12 months Expected Credit Losses (ECL)		
Cash & cash equivalents	470.67	1,553.33
Other Balance With Banks	255.19	878.97
Loans	-	2,160.00

Trade and other receivable	29,230.12	24,425.06
	29,230.12	24,425.06

(Rs. Lakh)

(ii) Provision for expected credit losses

(a) Financial assets for which loss allowance is measured using 12 month expected credit losses

The Company has assets where the counter- parties have sufficient capacity to meet the obligations and where the risk of default is very low. Accordingly, loss allowance for impairment has not been recognised.

(b) Financial assets for which loss allowance is measured using life time expected credit losses

The Company has customers with strong capacity to meet the obligations and therefore the risk of default is negligible or nil. Further, management believes that the unimpaired amounts that are past due by more than 30 days are still collectible in full, based on historical payment behavior and extensive analysis of customer credit risk. Hence, no impairment loss has been recognised during the reporting periods in respect of trade receivables.

(iii) Ageing analysis of trade receivables

The ageing analysis of the trade receivables is as given in note no. 11.

(iv) Reconciliation of impairment loss provisions

There is no impairment loss provisions recognised during the year.

42. Financial instruments – Fair values and risk management (continued)

2. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company has an appropriate liquidity risk management framework for the management of short, medium and long term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate cash reserves, banking facilities and reserve borrowing facilities by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

The Company's treasury department is responsible for managing the short term and long term liquidity requirements of the Company. Short term liquidity situation is reviewed daily by Treasury. The Board of directors has established policies to manage liquidity risk and the Company's treasury department operates in line with such policies. Any breaches of these policies are reported to the Board of Directors. Long term liquidity position is reviewed on a regular basis by the Board of Directors and appropriate decisions are taken according to the situation.

Typically the Company ensures that it has sufficient cash on demand to meet expected operational expenses for a period of 60 days, including the servicing of financial obligations, this excludes the potential impact of extreme circumstances that cannot reasonably be predicted, such as natural disasters.

The following are the contractual maturities of financial liabilities, based on contractual cash flows:

Fair value sensitivity analysis for fixed-rate instruments

The Company's fixed rate instruments are carried at amortised cost. They are therefore not subject to interest rate risk, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

Cash flow sensitivity analysis for variable-rate instruments

A change of 50 basis points in interest rates at the reporting date would have increased (decreased) equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency rates, remain constant. The analysis is performed on the same basis for the previous year.

(b) Fair value hierarchy

This section explains the judgments and estimates made in determining the fair values of the financial instruments that are measured at amortized cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

*Excluding investments in Subsidiaries, associates and joint venture which is valued at cost

The Company has an established control framework with respect to the measurement of fair values. This includes a valuation team that has overall responsibility for overseeing all significant fair value measurements and reports directly to the Chief finance officer. The valuation team regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the valuation team assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified. Significant valuation issues are reported to the Company's audit committee.

Measurement of fair values

The different levels of fair value have been defined below:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments and traded bonds that have quoted price.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. The fair value of financial assets and liabilities included in Level 3 is determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices from observable current market transactions and dealer quotes of similar instruments. This level includes derivative MTM assets/liabilities.

Valuation technique used to determine fair value

Specific valuation technique used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments
- the fair value of interest rate swaps is calculated as the present value of the estimated future cash flows based on observable yield curves
- the fair value of principal swaps is determined using forward exchange rates at the balance sheet date
- the fair value of the financial instruments is determined using discounted cash flow analysis.

Risk management framework

The Company's activities makes it susceptible to various risks. The Company has taken adequate measures to address such concerns by developing adequate systems and practices. The Company's overall risk management program focuses on the unpredictability of markets and seeks to manage the impact of these risks on the Company's financial performance.

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. In order to institutionalize the risk management in the Company, an elaborate Enterprise wide Risk Management (ERM) framework has been developed. As a part of the implementation of ERM framework, an Enterprise Risk Management Committee (ERMC) with various Executive Directors as its members has been constituted with an objective to develop and monitor the Company's risk management policies and strengthen the risk management framework. Enterprise risk management committee after deliberations has identified enterprise wide risk and various action plans for short term as well as long term have been formulated to mitigate these risks.

The Committee is also responsible for reviewing and updating the risk profile, monitoring the effectiveness of the risk management framework and reviewing at least annually the implementation of the risk management policy and framework. The Committee reports regularly to the Board of Directors on its activities.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Company has policies covering specific areas, such as interest rate risk, credit risk, liquidity risk, and the use of non-derivative financial instruments. Compliance with policies and exposure limits is reviewed on a continuous basis.

45 Capital Management

The Company's objectives when managing capital are to:

- safeguard its ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders and
- maintain an appropriate capital structure of debt and equity.

The Board of Directors has the primary responsibility to maintain a strong capital base and reduce the cost of capital through prudent management of deployed funds and leveraging opportunities in domestic and international financial markets so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Board of Directors monitors the return on capital, which the Company defines as result from operating activities divided by total shareholders' equity. The Board of Directors also monitors the level of dividends to equity shareholders.

In order to achieve the overall objective, the company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowings in the current period

The Company monitors capital, using a medium term view of three to five years, on the basis of a number of financial ratios generally used by industry and by the rating agencies.

The Company monitors capital using gearing ratio which is net debt divided by total equity. Net debt comprises of long term and short term borrowings. Equity includes equity share capital and reserves that are managed as capital. The gearing ratio at the end of the reporting periods was as follows:

	As at 31 March 2022	As at 31 March 2021
Total debts	41,116.33	47,582.36
Total equity	70,109.04	67,995.23

Net debt to equity ratio	0.59	0.70

Notes:-

- The Debt Service Coverage ratio (DSCR) is calculated by taking Earning for debt service and dividing it by total debt service, wherein, Earning for Debt Service = Net Profit before taxes + Non-cash operating expenses like depreciation and other amortizations + Interest + other adjustments like loss on sale of Fixed assets etc. and Debt service = Interest & Lease Payments + Principal Repayments.
- Working capital shall be calculated as current assets minus current liabilities.
- Capital Employed = Tangible Net Worth + Total Debt + Deferred Tax Liability
- Return on investment (ROI) is a financial ratio used to calculate the benefit an investor will receive in relation to their investment cost. The higher the ratio, the greater the benefit earned. The one of widely used method is Time Weighted Rate of Return (TWRR) and the same should be followed to calculate ROI.

$$ROI = \frac{MV(T1) - MV(T0) - \text{Sum } [C(t)]}{\{MV(T0) + \text{Sum } [W(t) * C(t)]\}}$$

where, T1 = End of time period
T0 = Beginning of time period
t = Specific date falling between T1 and T0
MV(T1) = Market Value at T1
MV(T0) = Market Value at T0
C(t) = Cash inflow, cash outflow on specific date
W(t) = Weight of the net cash flow (i.e. either net inflow or net outflow) on day 't'. calculated as $\frac{T1 - t}{T1}$

**SINDHU TRADE LINKS
LIMITED
CONSOLIDATED
FINANCIAL STATEMENT
AS ON
31ST MARCH, 2022**

Independent Auditors' Report

To the Members of Sindhu Trade Links Limited

Report on the Audit of the Consolidated Financial Statements

Disclaimer of Opinion

We have audited the accompanying consolidated financial statements of **Sindhu Trade Links Limited** (hereinafter referred to as the "Holding Company"). We did not audit the standalone financial statement of four subsidiaries and four associates (the Holding Company, its subsidiaries and associates together referred to as "the Group"), which comprise the consolidated balance sheet as at 31 March 2022, the consolidated statement of Profit and Loss, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies (hereinafter referred to as the "Consolidated Financial Statements").

We do not express an opinion on the accompanying consolidated financial statements of the Group. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these consolidated financial statements.

Basis for Disclaimer of Opinion

We did not audit the financial statement of its foreign subsidiary whose financial statements reflect total assets of Rs 3,75,751.87 Lakh and net assets of Rs 1,22,258.11 Lakh as at 31 March 2022, total comprehensive loss of Rs 5,601.75 Lakh for the year ended on that date, as considered in the consolidated financial statements. These financial statements are unaudited and have been furnished to us by the management, our opinion on the consolidated financial statements in so far it relates to the amounts and disclosures included in respect of this subsidiary and our report in terms of sub-section (3) and (11) of section 143 of the Companies Act 2013, in so far as it relates to the aforesaid subsidiary, is based solely on such unaudited financial statement. Forming, disclaimer of opinion is based on the fact that these financial statements/financial information are material to the group and any adjustment upon audit by the respective auditor to the unaudited financial statements/Financial information could have consequential effects on the consolidated Financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

1. Key Audit Matter

Investments

The Group has invested in equity and preference shares and government bonds as well, the carrying amount of which is provided in Note 6 and Note 15 according to the Ind AS 32, 107 and 109.

Considering the materiality of the amounts involved, the significant management judgment is required in estimating the quantum of diminution in the value of investments and such estimates and judgments being inherently subjective, this matter has been identified as a key audit matter which is described in Note 2(j) to the consolidated financial statements..

Auditor's Response

Our audit procedures assessed the appropriateness of methodology and valuation model used by management to estimate the value of investments.

Based on our procedures & detailed analysis of Ind AS 32, 107 and 109, we considered the adequacy of disclosures in respect of investments in the notes to the consolidated financial statements.

2. Key Audit Matter

Evaluation of Uncertain Tax Positions & Other Contingent Liabilities

The Group has material uncertain tax positions including matters under dispute which involves significant judgment to determine the possible outcome of these disputes.

The Group also has material contingent liabilities including outstanding guarantees, counter guarantees and omnibus counter guarantees to various banks and claims against the Group under dispute which involves significant judgment to determine the possible outcome of these disputes as mentioned in Note 38 to the consolidated financial statements.

Auditor's Response

Obtained details of completed tax assessments and demands till the year ended March 31, 2022 from the management. We involved our experts to challenge the management's underlying assumptions in estimating the tax provision and the possible outcome of the disputes. Our experts also considered legal precedence and other rulings in evaluating management's position on these uncertain tax positions.

Our audit procedure on contingent liabilities included –

- Obtaining an understanding of the systems and controls implemented by management for recognizing the guarantees.
- Evaluation of purposes for which the various bank guarantees are provided.
- Our experts read and analysed external legal opinions/ consultations by management for the disputes pending in various forums.
- Discussed with appropriate senior management regarding the claims against the group and assessment orders.
- Assessed management's estimate of the possible outcome of the disputed cases.

4. Key Audit Matter

Related Party Transactions

During the year, the Group has generated major portion of revenue and has incurred significant amount of expense with the related parties.

Ind AS 24 "Related Party Disclosures", requires substantive disclosures for the related party transactions which are disclosed in Note 48 to the consolidated financial statements.

Determination of substance of the transactions and transaction price for such related party transactions is a key audit matter considering the significance of the transaction value and the significant judgments involved in determining the transaction value.

Auditor's Response

- Our audit procedures included considering the compliance with the various requirements for entering in to such related party transactions.

- We performed test of controls over related party transactions through inspection of evidence of performance of these controls.
- We performed the following tests of details:
 - We have evaluated the relevant work orders and market price.
 - We have read the approvals obtained from Audit Committee, Board of Directors and Shareholders for the transactions.

We have assessed the disclosures to be made in accordance with Ind AS 24 "Related Party Disclosures".

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company's Annual Report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India . The respective Board of Directors of the companies included in the Group are responsible for maintenance of the adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud

or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the entity has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group (Holding company and subsidiaries) to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial information of such entities.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis of *Disclaimer of* audit opinion on the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Our responsibility is to conduct an audit of the Group's consolidated financial statements in accordance with Standards on Auditing and to issue an auditor's report. However, because of the matter described in the *Basis for*

Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these consolidated financial statements so far it relates to the matter described in the Basis of Disclaimer of Opinion section of our report.

We are independent of the Group in accordance with the Code of Ethics and provisions of the Companies Act, 2013 that are relevant to our audit of the consolidated financial statements in India under the Companies Act, 2013, and we have fulfilled our other ethical responsibilities in accordance with the Code of Ethics and the requirements under the Companies act, 2013.

Other Matters

These financial statements/ consolidated financial statements have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and associates, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries and associates, is based solely on the reports of the other auditors.

Our opinion above on the consolidated financial statements, and our report on other legal and regulatory requirements below, are not modified in respect of the above matters with respect to our reliance on the work done by and the reports of the other auditors.

b) We did not audit the financial information of one foreign subsidiary, whose financial information (before eliminating inter company balances) reflects total assets of Rs 3,75,751.87 lakhs and net assets of Rs 1,22,258.11 lakhs as at 31 March 2022, total revenues (before eliminating inter company transactions) of Rs 21,540.46 lakhs and net cash inflows amounting to Rs 551.91 lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial information are unaudited and have been furnished to us by the management and our opinion on the consolidated financial statements, and matters identified and disclosed under key audit matters section above and our report in terms of sub-section (3) of Section 143 of the Act in so far as it relates to the aforesaid subsidiary are based solely on such unaudited financial information. In our opinion and according to the information and explanations given to us by the management, these financial information are material to the Group.

Foreign subsidiary, is located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in Singapore Financial Reporting Standards and which have been unaudited. The Holding Company's management has converted the financial statements of such subsidiary, located outside India from accounting principles generally accepted in Singapore Financial Reporting Standards to accounting principles generally accepted in India. We have not audited these conversion adjustments made by the Holding Company's management. Our opinion, and matters identified and disclosed under key audit matters section above, in so far as it relates to the balances and affairs of such subsidiary located outside India is based on the report of information and explanations given to us by the management.

Our opinion above on the consolidated financial statements, and our report on other legal and regulatory requirements below, are modified in respect of the above matters.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, we report, to the extent applicable, that:

- a) As described in the basis for disclaimer of opinion paragraph, we were unable to obtain all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;

- b) due to the possible effects of the matters described in the basis for disclaimer of opinion paragraph, we are unable to state whether proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, (the consolidated Statement of Changes in Equity) and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
- d) In our opinion, the aforesaid consolidated financial statements comply with the IND AS specified under Section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014;
- e) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2022 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies, associate companies and jointly controlled companies incorporated in India, none of the directors of the Group companies, its subsidiaries and its associate companies incorporated in India is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164(2) of the Act;
- f) With respect to the adequacy of internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate report in Annexure A;
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/provided by the Group to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group;
 - ii. The Group, its associates and jointly controlled entities did not have any material foreseeable losses on long-term contracts including derivative contracts;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company, and its subsidiary companies, associate companies and jointly controlled companies incorporated in India.
 - iv. (a) The respective Management of the company and its subsidiaries, which are companies incorporated in India, whose financial statements have been audited under the Act, has represented to us that, to the best of their knowledge and belief, other than as disclosed in the Notes to accounts, during the year no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The respective Managements of the company and its subsidiaries, which are the companies incorporated in India, whose financial statement have been audited under the Act, have represented to us, that, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity

("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company or any of such subsidiaries, shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, performed by us on the company and its subsidiaries, which are the companies incorporated in India, whose financial statement have been audited under the Act, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

- v. The Company has not declared or paid any dividend during the year.

Annexure A to the Independent Auditor's Report of even date to the members of Sindhu Trade Links Limited on the consolidated financial statements for the year ended 31 March 2022

Annexure A

Independent Auditor's Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the 'Act')

1. In conjunction with our audit of the consolidated financial statements of **Sindhu Trade Links Limited** as of and for the year ended March 31, 2022, we have audited the internal financial controls over financial reporting of **Sindhu Trade Links Limited** (hereinafter referred to as the "Holding Company") its subsidiary companies & its associate companies which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

2. The respective Board of Directors of the Holding Company, its subsidiary companies, its associate companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the company's internal financial controls over financial reporting with reference to these consolidated Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, both, issued by Institute of Chartered Accountants of India, and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these consolidated Ind AS financial statements was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these consolidated Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these consolidated Ind AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the "Other Matters" paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls over financial reporting with reference to these consolidated Ind AS financial statements

Meaning of Internal Financial Controls Over Financial Reporting

6. A company's internal financial control over financial reporting with reference to these consolidated Ind AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these consolidated Ind AS financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and

expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting with reference to these consolidated Ind AS financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these consolidated financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these consolidated Ind AS financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, its subsidiary companies and its associate companies which are companies incorporated in India, have, maintained in all material respects, adequate internal financial controls over financial reporting with reference to these consolidated Ind AS financial statements except as provided in other matters below and such internal financial controls over financial reporting with reference to these consolidated Ind AS financial statements were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matter

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting with reference to these consolidated Ind AS financial statements of the Holding Company, in so far as it relates to these 2 subsidiary companies and 3 associates companies which are companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiary companies incorporated in India.

Further, as per the section 143(3) of the Companies Act 2013, on the adequacy and operating effectiveness of the internal controls over financial reporting is not applicable to the 1 subsidiary company and 1 associate as per exemption notification dated 13 June 2017 therefore, we cannot comment on the adequacy and operating of the effectiveness of the internal financial controls over financial reporting.

39 Segment reporting:

A. In accordance with Ind AS 108 'Segment Reporting' on segment reporting as specified in Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rule, 2014, the Group has identified eight business segments viz. Transportation & Logistics, Oil & Lubricants, Finance & Investment, Power generation, Media activities, Automobile sector, EPC Power distribution, transmission, civil and Coal mining & trading. The above segments have been identified and reported taking into account the differing risks and returns, and the current internal financial reporting systems. For each of the segments, the Chief operating decision maker (CODM) (Chief Financial Officer) reviews internal management reports on at least a quarterly basis. The CODM monitors the operating results separately for the purpose of making decisions about resource allocation and performance assessment.

Segment accounting policies

The accounting principles consistently used in the preparation of the financial statements and consistently applied to record revenue and expenditure in individual segments are as set out in Note 2 to the financial statements. The accounting policies in relation to segment accounting are as under:

(a) Segment assets and liabilities

All segment assets and liabilities have been allocated to the various segments on the basis of specific identification. Segment assets consist principally of property, plant and equipment, capital work in progress, inventories, trade receivables, financial assets, other current assets, other non-current assets and loans. Segment assets do not include unallocated corporate fixed assets, cash and bank balances, advance tax and other assets not specifically identifiable with any segment.

Segment liabilities include all operating liabilities and consist principally of trade payables and accrued liabilities. Segment liabilities do not include borrowings and those related to income taxes.

(b) Segment revenue and expenses

Segment revenue and expenses are directly attributable to the segment and have been allocated to various segments on the basis of specific identification. Segment revenue does not include interest income and other incomes in respect of non-segmental activities. Segment expenses do not include depreciation on unallocated corporate fixed assets, interest expense, tax expense and other expense in respect of non-segmental activities.

Segment revenue, results and capital employed include the respective amounts identifiable to each of the segments. Other unallocable expenditure/assets/liabilities include expenses/assets/liabilities which are not directly identifiable to any business segment.

40. Financial instruments - Fair values and risk management

1. Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations resulting in a financial loss to the Group. Credit risk arises principally from trade receivables, loans & advances, cash & cash equivalents and deposits with banks and financial institutions and customers.

Trade receivables

Customer credit risk is managed according to the Group's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an credit rating scorecard and individual credit limits are defined in accordance with this assessment.

An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively.

Cash and cash equivalents

The Group held cash and cash equivalents of Rs. Lakh 1,721.51 at 31 March 2022, (31 March 2021 Rs. 2,396.25) . The cash and cash equivalents are held with bank and financial institution with high rating.

Deposits with banks and financial institutions

Credit risk from balances with banks and financial institutions is managed by the Group's treasury department in accordance with the Group's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty.

Credit risk is managed on Company wide basis. For banks/financial institutions, only high rated banks/institutions are accepted.

Loans

The Group has given loans and advances as security deposits. The credit risk is managed by the Group in accordance with the Group's policy.

(i) Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

	As at 31 March 2022	As at 31 March 2021
Financial assets for which loss allowance is measured using 12 months Expected Credit Losses (ECL)		
Cash & cash equivalents	1,721.51	2,396.25
Other Bank Balance	255.19	878.97
Loans	8,444.88	6,517.36
Investments	13.85	8.93
Other financial assets	5,760.99	6,931.33
	16,196.42	16,732.84
Financial assets for which loss allowance is measured using Life time Expected Credit Losses (ECL)		
Trade and other receivable	37,312.80	29,811.58
	37,312.80	29,811.58

(ii) Provision for expected credit losses

(a) Financial assets for which loss allowance is measured using 12 month expected credit losses

The Group has assets where the counter- parties have sufficient capacity to meet the obligations and where the risk of default is very low. Accordingly, loss allowance for impairment has not been recognised.

(b) Financial assets for which loss allowance is measured using life time expected credit losses

The Group has customers with strong capacity to meet the obligations and therefore the risk of default is negligible or nil. Further, management believes that the unimpaired amounts that are past due by more than 30 days are still collectible in full, based on historical payment behavior and extensive analysis of customer credit risk. Hence, no impairment loss has been recognised during the reporting periods in respect of trade receivables.

(iii) Reconciliation of impairment loss provisions

There is no impairment loss provisions recognised during the year.

2. Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

The Group has an appropriate liquidity risk management framework for the management of short, medium and long term funding and liquidity management requirements. The Group manages liquidity risk by maintaining adequate cash reserves, banking facilities and reserve borrowing facilities by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

The Group's treasury department is responsible for managing the short term and long term liquidity requirements of the Group. Short term liquidity situation is reviewed daily by Treasury. The Board of directors has established policies to manage liquidity risk and the Group's treasury department operates in line with such policies. Any breaches of these policies are reported to the Board of Directors. Long term liquidity position is reviewed on a regular basis by the Board of Directors and appropriate decisions are taken according to the situation.

Typically the Group ensures that it has sufficient cash on demand to meet expected operational expenses for a period of 60 days, including the servicing of financial obligations, this excludes the potential impact of extreme circumstances that cannot reasonably be predicted, such as natural disasters.

The following are the contractual maturities of financial liabilities, based on contractual cash flows:

3. Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

The Board of directors is responsible for setting up of policies and procedures to manage market risks of the Group. The regular reviews including diversifications of borrowings to mitigate the market risks are carried out considering the rates of interest and other borrowing terms.

Currency risk

The Group has following financial assets/liabilities in foreign currency as at 31 March 2022 & 31 March 2021

Financial Liabilities	31st March 2022	1st April 2021

Fair value sensitivity analysis for fixed-rate instruments

The Group's fixed rate instruments are carried at amortised cost. They are therefore not subject to interest rate risk, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

Cash flow sensitivity analysis for variable-rate instruments

A change of 50 basis points in interest rates at the reporting date would have increased (decreased) equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency rates, remain constant. The analysis is performed on the same basis for the previous year.

(b) Fair value hierarchy

This section explains the judgments and estimates made in determining the fair values of the financial instruments that are measured at amortized cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the group has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

The Group has an established control framework with respect to the measurement of fair values. This includes a valuation team that has overall responsibility for overseeing all significant fair value measurements and reports directly to the Chief finance officer. The valuation team regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the valuation team assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified. Significant valuation issues are reported to the Group's audit committee.

Measurement of fair values

The different levels of fair value have been defined below:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments and traded bonds that have quoted price.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. The fair value of financial assets and liabilities included in Level 3 is determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices from observable current market transactions and dealer quotes of similar instruments. This level includes derivative MTM assets/liabilities.

Valuation technique used to determine fair value

Specific valuation technique used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments
- the fair value of interest rate swaps is calculated as the present value of the estimated future cash flows based on observable yield curves
- the fair value of principal swaps is determined using forward exchange rates at the balance sheet date
- the fair value of the financial instruments is determined using discounted cash flow analysis.

The carrying amounts of trade receivables, trade payables, cash and cash equivalents, bank balances other than cash, deposits with banks and interest accrued but not due and other current financial assets and current financial liabilities, approximates the fair values, due to their short-term nature.

Non current financial assets consists of fixed deposits whose the carrying amounts are equal to the fair values.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

42 Financial Risk Management

The Group's principal financial liabilities comprise loans and borrowings in domestic currency, trade payables and other payables. The main purpose of these financial liabilities is to finance the Group's operations. The Group's principal financial assets include loans, trade & other receivables, and cash and short-term deposits that derive directly from its operations.

The Group is exposed to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk.

Risk	Exposure arising from	Measurement	Management
Credit Risk	Cash and cash equivalents, trade receivables, financial assets measured at amortised cost.	Ageing analysis Credit ratings	Diversification of bank deposits, credit limits and letters of credit
Liquidity risk	Borrowings and other liabilities	Cash flow forecasting Sensitivity analysis	Availability of borrowing facilities
Market risk – interest rate risk	Long-term borrowings at variable rates	Sensitivity analysis	Diversification and regular review of borrowings

Risk management framework

The Group's activities makes it susceptible to various risks. The Group has taken adequate measures to address such concerns by developing adequate systems and practices. The Group's overall risk management program focuses on the unpredictability of markets and seeks to manage the impact of these risks on the Group's financial performance.

The Board of Directors has overall responsibility for the establishment and oversight of the Group's risk management framework. In order to institutionalize the risk management in the Group, an elaborate Enterprise wide Risk Management (ERM) framework has been developed. As a part of the implementation of ERM framework, an Enterprise Risk Management Committee (ERMC) with various Executive Directors as its members has been constituted with an objective to develop and monitor the Group's risk management policies and strengthen the risk management framework. Enterprise risk management committee after deliberations has identified enterprise wide risk and various action plans for short term as well as long term have been formulated to mitigate these risks.

The Committee is also responsible for reviewing and updating the risk profile, monitoring the effectiveness of the risk management framework and reviewing at least annually the implementation of the risk management policy and framework. The Committee reports regularly to the Board of Directors on its activities.

The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Group, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Group has policies covering specific areas, such as interest rate risk, credit risk, liquidity risk, and the use of non-derivative financial instruments. Compliance with policies and exposure limits is reviewed on a continuous basis.

43 Capital Management

The Group's objectives when managing capital are to:

- safeguard its ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders and
- maintain an appropriate capital structure of debt and equity.

The Board of Directors has the primary responsibility to maintain a strong capital base and reduce the cost of capital through prudent management of deployed funds and leveraging opportunities in domestic and international financial markets so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Board of Directors monitors the return on capital, which the Group defines as result from operating activities divided by total shareholders' equity. The Board of Directors also monitors the level of dividends to equity shareholders.

In order to achieve the overall objective, the group's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowings in the current period

The Group monitors capital, using a medium term view of three to five years, on the basis of a number of financial ratios generally used by industry and by the rating agencies.

The Group monitors capital using gearing ratio which is net debt divided by total equity. Net debt comprises of long term and short term borrowings. Equity includes equity share capital and reserves that are managed as capital. The gearing ratio at the end of the reporting periods was as follows:

	As at 31 March 2022	As at 31 March 2021
Total debts	1,28,424.28	1,30,507.97
Total equity	1,64,309.86	1,64,959.59
